1887.

THIRTY-FIFTH
ANNUAL REPORTS

OF THE

TOWN OF SWAMPSCOTT,

FOR YEAR ENDING FEB. 28, 1887.

LYNN:
PRESS OF THOS. P. NICHOLS,
1887.

REPORT OF SELECTMEN.

TO THE CITIZENS OF SWAMPSCOTT :

IN presenting this, our Annual Report, we do so with the conviction that our year's efforts will meet the approval of its citizens generally.

While we shall leave largely with the heads of the several departments a full report of their doings, we cannot forbear giving our views as to a few of the demands which we think we, as a community, need for the welfare of our Town and people, and which, as their guardians, we feel in loyal duty bound to express, leaving to the voters the responsibility of seeing carried out, or rejected, as to them may seem best in their sovereignty to decide.

In all governments, National, State, City, and Town, this is the usual way of bringing before the people subjects for their consideration for the public welfare ; and if, in our recommendations we are not sustained, shall feel we have done our duty.

HIGHWAYS.

The first duty of a Town is to see that its highways are kept in good condition, and this may be said of Swamp-

scott, that in no Town in Essex County can be found better streets and roads than in hers. We have done this at comparative small outlay, having many perplexing obstacles to contend with in carrying out the desires of our people, the principal one of which is the rocky state of our gravel pits and their great distance from the center of the Town, where the most of the gravel is necessarily used. It is believed no better gravel pit can be found more centrally located, and our first duty on this subject is to recommend what, in our judgment, is the best remedy.

It is well known to all who have taken the leisure to examine into the subject, that we employ at least five men to excavate and throw out the rocks, to get enough gravel to keep in employ three or four teams to draw it where needed, while in addition one team is required to remove the rocks back so they may not be in the way of the excavators, which rocks are now of no practical use.

To make these rocks available, it will be necessary to purchase a stone crusher, which can be had for about fifteen hundred dollars, with everything complete to operate it. This would require only two or three men, in place of the six men and team under the present system. Then we have the material at hand for years.

Roads made of crushed rock will last much longer, and we feel the project will give us much better roads at a less cost, and the machine will thus pay for itself in a few years.

While considering the affairs of this department, we would recommend the sale of the "Victor" road machine, which was purchased about three years ago. Although it may be suitable for leveling sandy roads, the machine is not adapted to our hard and rocky surface, and renders the work more expensive than the same amount of labor would be if performed by hand.

CLAIM OF MRS. NEWCOMB.

The Town, the past year, has been obliged to pay damages to Mrs. Minnie E. Newcomb for injuries received from falling on an icy sidewalk, on Rock Avenue, on February 25, 1885. This case we offered to compromise (as did our predecessors), but the sum demanded was much larger than we were willing the Town should pay.

We, therefore, aided by our able counsel, George A. Blaney, Esq., defended the case to the full extent of our powers, and although the Town was defeated, the damages and costs were but little more than one-half the amount for which the plaintiff was willing to compromise.

In view of all the circumstances we feel that the Town is to be congratulated upon the manner in which the case was finally adjusted.

To avoid accidents of this kind the past winter, and for the comfort of our citizens, we advised our efficient Surveyor to have sand sprinkled on all the walks in Town, where needed, which advice has been very fully carried out, to the great satisfaction of the whole Town.

INDUCEMENTS FOR MANUFACTURING INDUSTRIES.

In the decadence of the fishing interest in our Town, and the need of employment to those who have been engaged in it, as well as to others unemployed, we would suggest to the voters of Swampscott the propriety of the Town considering, at our approaching annual meeting, whether it will vote to exempt from taxation for a term of years all manufacturers who will establish themselves in our Town. We feel this would not be injurious to the interests or welfare of the Town, but would be of great benefit to our traders, as well as bringing into market much of our now unimproved real estate, and in this way, or by the adoption of even a more liberal policy, the

Town would grow and increase in wealth, population, and in general prosperity.

This is, we believe, a subject well worthy of thoughtful consideration.

CULVERT IMPROVEMENTS.

During the year we have had five culverts built and three streets raised. On Beach Bluff Avenue, in addition to laying a new culvert five by four feet, we have raised the avenue three and one-half feet in the lowest part, thus redeeming it from almost constant overflow. This has been met by the abutters on either side filling their lands, thus adding greatly to its appearance, as well as keeping the filling of the avenue from sinking and spreading.

We have also built a new culvert, five by four feet, on Atlantic Avenue, and raised the avenue about two feet, besides building a large and well constructed box drain to the sea. In addition to all this we have raised the avenue in all the low parts.

In order to do this in as economical manner as possible, we judged it best to cut down the hill (opposite Mr. John Shepard's estate), which was lowered nearly five feet, thus giving all the filling necessary for all of the above stated purposes, as well as improving the grade.

We have received the hearty approval of the inhabitants of that section of the Town, and we believe satisfied them that the Town is disposed to do justice to that growing section.

On Pine Street the culvert has been enlarged to five by four feet, and the street raised about three and one-half feet.

This improvement has long been needed and repeatedly called for by citizens in that locality, who seem well pleased with the work done.

We have widened the culvert on New Ocean Street,

near Pine, to seven feet, and raised it over two feet, which necessitated the raising of the street to correspond.

This improvement was much needed to accommodate the sudden increase of waters from freshets both from Lynn and other sources in our own territories. On Humphrey Street the culvert was widened to eight and one-half feet and raised about two feet. This alteration did not call for the raising the grade of the street, as it had been previously raised since the culvert was originally built.

The City of Lynn, through its Mayor, Hon. George D. Hart, has generously paid one-half the expenses of improving the last two culverts and consequent grade.

WATER PIPES.

There has been laid during the past year an addition to our water pipes of nearly 7,500 feet, with sixteen new hydrants and other necessary attachments, all of which has been done under our personal supervision, and which will distribute the water to many new takers, as well as to give us greater security from fires. Messrs. Goodhue & Birnie, of Springfield, Mass., were awarded the contract, and have performed the work in a thorough and workmanlike manner, and to our entire satisfaction.

CONTRACT WITH MARBLEHEAD WATER CO.

“This agreement made this 27th day of September, A.D., 1886, by and between the Town of Swampscott, a municipal corporation, located in the County of Essex, Massachusetts, and the Marblehead Water Company, a corporation duly established under the laws of the State of Massachusetts,

“*Witnesseth*, That, whereas the said Town, at a meeting duly called and held on the 25th day of September, A.D., 1886,

“*Voted*, That the Selectmen be authorized and instructed to make a contract with the Marblehead Water Company, within

thirty days, for a supply of water for all purposes, for a term of one year, in accordance with the proposition submitted by said Company, with the privilege of renewing the said contract at the option of said Town, at the expiration of said contract for one or more years, and, *provided*, that the rates charged by said Marblehead Water Company shall not exceed those of its schedule of 1885, and

“Whereas, Said proposal was as follows, viz. :

September 23, 1886.

To J. H. FARWELL, ESQ., *Chairman Selectmen of Town of Swampscott* :

Dear Sir,—In answer to your request for what terms the Marblehead Water Company would supply water to the Town of Swampscott, I am authorized to say, in behalf of the Company, that they will furnish water for fire purposes and sprinkling streets, on Town line of pipe already laid, free of charge, *providing*, that the Company shall have the use of said pipes for domestic service and the right to connect with them to make further extension. They will further agree to lay service pipe to the line of the sidewalk without charge for material, and to keep in repair the Town pipe.

Yours truly,

W. C. McCLALLAN.”

“Now, therefore, in pursuance of said vote and proposal, the Marblehead Water Company agrees to furnish to said Town for one year, from the 1st day of October, 1886, on the Town’s line of pipe already laid, water free of charge for fire purposes and sprinkling streets.

“And said Company further agrees to furnish during the term of this contract, the said Town and its inhabitants water for all other purposes, at rates not exceeding those charged in its schedule for the year 1885, a copy whereof is hereto annexed marked, ‘A,’ and made a part of this contract.

“Said Company further agrees to lay service pipe to the line of sidewalk without charge for material, and agrees to keep in repair the Town’s pipes.

“The said Town agrees that the said Company shall have the right to use, during the continuance of this contract, the pipes already laid by said Town, and the right to connect with them to make further extensions.

“The said Company agrees to hold the Town harmless from all damages which may be suffered by reason of any defect in the highways caused by the construction, repair, or operation of the said Company’s works, or the pipes laid in the streets of said Town, and any extension thereof.

“Nothing herein contained shall be construed so as to impose any obligation upon said Town to pay for the water which may be furnished by said Company to or used by its inhabitants, for their private supplies, or for any expense for labor done, or material furnished by it under this contract, in laying service pipe for the accommodation of such inhabitants, but such Company shall collect its compensation therefor, from such individual takers, at its own expense.

“This contract may be renewed for one year or more at the option of said Town.

“In witness whereof, on the day and date first above mentioned, the Town of Swampscott has caused its corporate seal to be hereto affixed, and these presents to be executed in its name and behalf, by its Selectmen, and the Marblehead Water Company has caused these presents to be executed in its name and behalf, and its corporate seal hereto affixed by its President, Thomas Appleton.

MARBLEHEAD WATER COMPANY,

[SEAL]

By THOMAS APPLETON, *President.*

TOWN OF SWAMPSCOTT,

[SEAL]

By J. H. FARWELL,
EDWARD H. THOMAS,
J. R. WIDGER, } *Its
Selectmen.”*

The question of a water supply for domestic and fire purposes is one of the most important subjects that we, as a

Town, have to consider and to which we invite the careful and serious consideration of our citizens.

POLICE.

Good order has been very generally maintained in our Town during the past year, through the vigilance of our police force, under the guidance of our judicious chief, Seth C. Kendrick.

RECEIVING TOMB.

In accordance with the instructions of the Town, such parts of the new receiving tomb as were imperfect and defective have been rebuilt. Anxious to secure the best results, we made inquiries of Superintendents of Cemeteries, mechanics, and builders, and, acting under their advice, caused the construction of a flat roof, which has been built in a thorough and workmanlike manner, at a total cost of \$392.26.

CONCRETE SIDEWALKS.

At the last annual meeting the sum of \$1,000 was appropriated for the purpose of laying concrete sidewalks, the Town paying one-half of the cost of same where abutters have curbstones set.

Mr. Hiram Hook, of Lynn, contracted to perform this work at 38 cents per square yard. We have laid 1,355 yards.

Late in the season we received an application for a quantity of this work but did not deem it prudent to have the work done, owing to the liability of damage from the approaching cold weather.

Would recommend the same inducements be granted to our citizens the coming year.

The accompanying reports will inform you of the work performed in the several departments, the past year, together with their recommendations.

Respectfully submitted,

J. H. FARWELL,	}	<i>Selectmen of Swampscott.</i>

REPORT OF BOARD OF HEALTH.

TO THE CITIZENS OF SWAMPSCOTT:

THE Board of Health respectfully submit the following report for the past year.

During the year the Board have been called upon to investigate seventy-eight complaints of nuisances, and have received eight official notices of contagious diseases, two of which were fatal.

The same method of collecting swill, as adopted last year, has been continued, but numerous complaints have been made of the inefficient manner in which the work has been done by the collectors, and, although the present system is an improvement over past years, we think the work would be done in a more satisfactory manner if the collectors were paid a small sum, in addition to the waste collected, but the amount appropriated has been insufficient to warrant such expenditure.

Several instances have occurred of parties neglecting to properly cleanse their vaults and cesspools during the warm season, and such cases have received proper attention from the Board.

There has been one death less from contagious diseases than last year, and the general health of the Town has been good.

J. I. ADAMS,	}	<i>Board of Health.</i>
W. H. COLLINS,		
C. E. HARRIS,		

REPORT OF SUPERINTENDENT OF CEMETERY.

TO THE CITIZENS OF SWAMPSCOTT:

No improvements have been made, except the repairs on the new tomb, which has been put in thorough repair, and is safe and free from leakage.

A piece of cement wall, in the rear of Mr. Nesbitt's lot, has been relaid, at an expense of \$26.49.

The cement wall around the Cemetery is in a very shaky condition, and I hereby recommend that a sum not exceeding \$100 be appropriated for repairing said wall.

Seventy-five dollars was appropriated for graveling avenues, but the appropriation was so small I was obliged to omit that. It is a much needed improvement, and I would, therefore, recommend that a special appropriation of \$75 be made for that purpose the ensuing year.

Number of lots sold for the year, sixteen, at \$25 each.

Number of interments for the year, 26.

Expenditures for the year, \$219.29.

J. S. BROWN, *Supt.*

REPORT OF ENGINEERS.

TO THE CITIZENS OF SWAMPSCOTT :

THE Engineers herewith present their annual report for the year ending February 28, 1887.

The organization of the department consists of one chief and two assistant engineers, and a company of seventeen men, including engineer and fireman of steamer.

APPARATUS.

The apparatus consists of a steam fire engine, hose carriage, supply wagon, and two thousand feet of cotton hose, all in good condition. There are two hundred feet of hose, pipe, and wrench at Washburn's stable, on Orient Street. One horse ladder truck, with eight ladders, four pikepoles, four axes, crowbars, and ropes; twenty rubber coats and eight lanterns; one set double harnesses for steamer, and two single harnesses for wagon and ladder truck; one hydrant pump.

We have continued the arrangements with the Lynn & Boston Horse Railroad Co. for horses at all times when their services are needed for the department.

FIRES AND ALARMS.

April 22. False alarm at Farms.

May 27. The department responded to call at Salem Farms at Ware's ice houses.

There have been three other fires extinguished without alarm, caused by children playing with matches, and sparks from stove igniting clothing.

The Town has forty-eight hydrants, located on the main streets, from upper Swampscott to Beach Bluff, all in good repair.

The Board would recommend that the Town instruct the Engineers to have two hydrants placed in the water pipe on Beach Avenue, also two hydrants on Pine Street, and that appropriations for the same be made.

REPORT OF COMMITTEE ON FIRE ALARMS.

TO THE CITIZENS OF SWAMPSCOTT:

THE Committee appointed at the last March meeting to put up the New Fire Alarm have attended to their duties. After a careful examination of the George M. Stevens' system, we purchased five boxes of his manufacture, making seven in all, with the two Pierce & Jones boxes that we had. They are located as follows: Box Three, at Boston & Maine flag station; Box Four, at engine house; Box Five, at C. P. Jeffries' drug store; Box Six, opposite Seth C. Kendrick's; Box Seven, at William D. McFoot's; Box Eight, at Abner Hayford's; Box Nine, at Allen Rowe's. We have tested the alarm every week, and it has given good satisfaction.

REPORT OF MILK INSPECTOR.

TO THE CITIZENS OF SWAMPSCOTT :

I HEREWITH present the Third Annual Report of Milk Inspector, for the Town of Swampscott, for the year ending February 28, 1887 :

Amount received for licenses	\$11 00
Amount paid into Town Treasury	\$11 00

It has been my endeavor to attend to the duty of Milk Inspector with fairness to licensees and justice to the public, and, so far as my observation has been, I feel that it has been the endeavor of licensees to furnish their customers a reliable quality of milk, for the reason that there has been no complaint from the consumers of same. I would here most respectfully extend the request of my predecessor in office, and request all to "Notify the Milk Inspector" whenever they have cause to suspect an inferior quality of milk is being put upon the market.

CHARLES E. HARRIS, *Milk Inspector.*

REPORT OF TOWN CLERK.

BIRTHS RECORDED.

Males, 29; Females, 22; Total, 51.

Nativity of Fathers. — Massachusetts, 29; Maine, 4; New Hampshire, 2; Connecticut, New York, New Jersey, Illinois, 1 each; Ireland, 6; England, 2; Nova Scotia, 2; France and Norway, 1 each.

Nativity of Mothers. — Massachusetts, 27; Maine, 2; New Hampshire, 2; Connecticut, Vermont, North Carolina, New Brunswick, Cape Breton, Canada, Nova Scotia, 1 each; Ireland, 10; England, 2; Norway, 1.

Fathers born in Swampscott, 11; Mothers, 5.

Births in January, 4; February, 3; March, 1; April, 3; May, 4; June, 5; July, 6; August, 2; September, 10; October, 1; November, 9; December, 3.

MARRIAGES RECORDED, 24.

In January, 1; March, 1; May, 1; June, 5; July, 3; August, 2; September, 2; October, 7; November, 2; December, 1.

Oldest couple, 66 and 43; youngest, 20 and 19.

Grooms born in Swampscott, 6; brides, 3.

Nativity of Grooms.—Massachusetts, 20; New Hampshire, 1; Maine, 1; England, 1; Ireland, 2.

Nativity of Brides.—Massachusetts, 15; Ireland, 4; New York, 1; New Hampshire, 1; Cape Breton, Prince Edward Island, Nova Scotia, Newfoundland, 1 each.

Occupation of Grooms.—Laborer, 4; clerk, 3; shoemaker, 3; mariner, plumber, grocer, musician, janitor, printer, inside man, shoe cutter, milkman, driver, railroad man, leather sorter, fisherman, blacksmith, machinist, 1 each.

Married by George A. Jackson, 3; Wm. H. Rogers, 3; C. N. Smith, 1; Eugene F. J. Eagan, Lynn, 2; Frank L. Norton, Lynn, 3; J. C. Harrington, Lynn, 2; Albert W. Moore, A. Sanderson, Jno. T. Whelan, Benj. A. Ward, Henry Hinckley, A. A. Williams, of Lynn, 1 each; James B. Troy, V. A. Lewis, D. B. Poland, Geo. A. Crawford, of Boston, 1 each; Charles W. Biddle, of Cambridge, 1.

DEATHS.

Males, 16; Females, 24; Total, 40.

In January, 3; February, 2; March, 6; April, 4; May, 4; June, 4; July, 7; August, 2; September, 2; October, 3; November, 3.

Under 5 years, 11; 5 to 10, 1; 10 to 20, 3; 20 to 30, 6; 30 to 40, 6; 40 to 50, 1; 50 to 60, 2; 60 to 70, 6; 70 to 80, 1; 80 to 90, 3.

Causes.—Consumption, 12; pneumonia, 3; cholera infantum, 3; disease of liver, 3; hemorrhage, 2; drowning, 2; still born, 2; cancer, 2; paralysis, disease of kidney, heart disease, disease of stomach, diphtheria, convulsions, laryngitis, scarlet fever, scrofula, want of proper care, old age, 1 each.

Sixty years and upwards.— Mary C. Harding, 61; Daniel E. Lombard, 62; Elizabeth Giland, 83; George B. Hussey, 65; Nancy E. Wardwell, 64; Armenius C. Newhall, 68; Sarah Howes, 87; Thankful Higgins, 88; George P. Thomas, 68; Hannah Johnson, 70.

DOGS LICENSED.

Males, 111; Females, 20; Total, 131.

GEORGE T. TILL, *Town Clerk.*

REPORT OF LIBRARY TRUSTEES.

TO THE CITIZENS OF SWAMPSCOTT :

THE nineteenth year of our Town Library is now finished.

The Library contains 4807 volumes for general circulation, 207 volumes having been added this year ; in addition to these there are 248 books of reference. We wish to acknowledge the receipt of twelve volumes from the State and United States governments ; also, from Mr. Waldo Thompson his History of Swampscott. Our Representative, Hon. H. B. Lovering has kindly sent us the Report of the U. S. Commissioner of Fish and Fisheries for 1884, in two volumes. These are finely illustrated, and we think our citizens would find in them much interesting and valuable information in regard to the fishing industry.

The circulation of the library for the past year has been 14,935 volumes.

Twenty-two dollars and fifty cents has been received for fines and cards.

The Library has been open every Saturday, from 2 to 9 P.M. ; Wednesdays, 4 to 9 P.M. ; Winter months, 4 to 8 P.M.

A complete Catalogue of the books in the Library has not been issued since 1876. Believing that a new and better classified one was much needed, we last year solicited and obtained an appropriation for the work. We an-

ticipated that the new catalogues would have been ready for distribution before this time, but the work was so much greater than we thought that we have lacked both the necessary time and money, and would ask for an additional appropriation of \$300 to complete the work. The literary work on the catalogue has been performed by Mrs. M. E. Miller, with Miss Honors' assistance.

Copies will be furnished at a nominal price to residents, and subscriptions for the work are solicited at the Library.

We hope during the coming year to add to our English works of fiction a few volumes in the French and German languages, from the writings of standard authors; for we have found that there is already a call for such books, and as many of our young people are gaining, during their school days, a good knowledge of these languages, we think that the demand for such literature will increase.

We would renew our request that patrons of the Library would leave the names of any good books that they may desire with the Librarian. By so doing they will assist the Trustees in the purchase of such new books as may be profitable and acceptable to the public.

We are fortunate in still having the services of Miss Honors as Librarian. She is efficiently assisted by Masters Jay C. Merritt and Willis Bain.

TOWN WARRANT.

ESSEX, ss.

*To either of the Constables of the Town of Swampscott, in
said County. Greeting.*

In the name of the Commonwealth of Massachusetts, you are directed to notify the inhabitants of the Town of Swampscott qualified to vote in Elections and in Town affairs, to meet at the Town Hall, in said Swampscott, on Saturday, the Nineteenth day of March current, at seven o'clock in the forenoon, then and there to act on the following articles :

ART. 1. To choose a Moderator to preside in said meeting.

ART. 2. To choose a Town Clerk for one (1) year.
To choose a Board of Selectmen for the year ensuing.

To choose one member of the Board of Assessors for three (3) years.

To choose a Town Treasurer for one (1) year.

To choose a Collector of Taxes for the year ensuing.

To choose one member of the School Committee for three (3) years.

To choose one or more Surveyors of Highways for one (1) year.

To choose one member of the Board of Trustees of the Public Library for three (3) years.

To choose three members of the Board of Auditors for the year ensuing.

To choose one Overseer of the Poor for three (3) years.

To choose a Board of Health for one (1) year.

To choose one or more Surveyors of Lumber for the year ensuing.

To choose one or more Measurers of Wood and Bark for one (1) year.

To choose two or more Fence Viewers for the year ensuing.

To choose all necessary Constables, Pound Keepers, and Field Drivers, for one (1) year.

All to be chosen on one ballot.

ART. 3. Shall licenses be granted for the sale of Intoxicating Liquors in this Town?—"Yes," or "No," by ballot.

ART. 4. To hear and act upon the Reports of the Auditing Committee, the Board of Selectmen, the School Committee, the Surveyor of Highways, the Board of Trustees of the Public Library, the Engineers of the Fire Department, the Superintendent of the Cemetery, the Committee on Fire Alarm, the Board of Health, the Chief of Police, the Milk Inspector, and the Committee appointed to Suppress the Illegal Sale of Intoxicating Liquors.

ART. 5. To raise such sums of money as may be necessary to defray Town charges for the ensuing year, and make appropriations therefor.

ART. 6. To see what amount of bonds will be required of the Town Treasurer for the current year.

ART. 7. To see if the Town will authorize the Treasurer to hire money, under the direction of the Selectmen to pay Town indebtedness.

ART. 8. To see if the Town will authorize the Treasurer to hire money, under the direction of the Selectmen, in anticipation of the taxes to be assessed and collected for the current year.

ART. 9. To see what amount of bonds will be required of the Collector for the collection of taxes for the ensuing year.

ART. 10. To see what compensation the Town will allow the Collector for the collection of taxes for the current year.

ART. 11. To see what action the Town will take in regard to the collection of taxes, and what rate of discount, if any, will be allowed for the prompt payment on or before a certain date.

ART. 12. To see if the Town will accept the list of names for Jurors as prepared and posted by the Selectmen.

ART. 13. To see if the Town will appropriate the money received from the County Treasurer for dog licenses to aid in support of the Public Library.

ART. 14. To see what compensation the Town will allow the members of the Fire Department the current year, and grant money for the same.

ART. 15. To see if the Town will appropriate a sum of money to furnish and set curb-stones, and lay concrete sidewalks; provided, the abutters will pay one-half of the expense.

ART. 16. To see if the Town will appropriate a sum, not exceeding one thousand dollars (\$1,000), for the purpose of enforcing the laws in relation to the illegal sale of intoxicating liquors.

ART. 17. To see what action the Town will take in establishing one or more fire hydrants on Moose Hill, agreeable to the petition of S. F. Crosman and others.

ART. 18. To see what action the Town will take for the establishment of fire hydrants on Pine Street, agreeable to the petition of W. F. Norcross and others,

ART. 19. To see if the Town will appropriate a sufficient sum of money, for the purpose of supplying the new portion of the Cemetery with water, agreeable to the petition of George M. Conner and others.

ART. 20. To see if the Town will appropriate a sufficient sum of money to construct a proper street crossing on Humphrey Street, opposite the store of S. J. Pettingell, agreeable to the petition of Noah R. Newcomb and others.

ART. 21. To see if the Town will instruct the Selectmen to petition the Legislature to authorize the Town to raise and appropriate money for the purpose of establishing a suitable Boot and Shoe Factory, of such capacity as will furnish employment for not less than two hundred (200) operatives, to be offered to some responsible manufacturer free of rent for ten years; provided, he or they will furnish continuous employment to at least one hundred (100) residents of the Town during said term. Also, to see if the Town will raise and appropriate a sum, not in excess of ten thousand dollars (\$10,000), to be expended for the above purpose, agreeable to the petition of George A. Jackson and others.

ART. 22. To see if the Town will appropriate the sum of fifty dollars (\$50) to be placed in the hands of J. L. Bates Post 118, G.A.R., for the purpose of defraying the expenses of Memorial Day, agreeable to the petition of A. R. Bunting and others.

ART. 23. To see if the Town will appoint a committee to investigate the matter of lighting a portion or all of our streets with electric lights, and make appropriation for the same, agreeable to the petition of Ivory Emmons and others.

ART. 24. To see if the Town will extend the water pipes from Redington Street through Rockland Street to Highland Street, and appropriate money for the same, agreeable to the petition of George A. Blaney and others.

ART. 25. To see if the Town will widen and raise the

culvert on Burrill Street, near New Ocean, and make appropriation for the same, agreeable to the petition of Ivory Emmons and others.

ART. 26. To see if the Town will allow the use of the Town Hall to the different societies of the Town, at the cost of running the same for the time used, agreeable to the petition of Frank E. Ingalls and others.

ART. 27. To see what action the Town will take respecting the construction of a cross-walk from the store of Geo. Pecker, on Burrill Street, to the property of Jas. A. Mott, or thereabouts, and appropriate money for the same agreeable to the petition of S. M. Shattuck and others.

ART. 28. To see if the Town will reimburse the Town Treasurer for money belonging to the Town which was stolen from his safe by burglars on the night of February 17th, or do anything in relation to the same, agreeable to the petition of John Chapman and others.

ART. 29. To see if the Town will vote to discontinue the use of the Town pump at the junction of Humphrey and Orient Streets, near the hay scales, and erect in its place a suitable watering fountain, for men and beasts, at an expense of about one hundred dollars (\$100), and make an appropriation for the same, agreeable to the petition of Edwin A. Farnham and others.

And you are directed to serve this Warrant by posting attested copies thereof at the Town Hall, Depot, Post Office, and three other public and conspicuous places in the Town, seven days at least before the time of holding said Meeting.

Hereof fail not, and make due return of this Warrant, with your doings thereon, to the Town Clerk, at the time and place of Meeting, as aforesaid.

Given under our hands this Fifth day of March, in the year one thousand eight hundred and eighty-seven.

THIRTY-FIFTH ANNUAL REPORT
OF THE
SCHOOL COMMITTEE
OF THE
TOWN OF SWAMPSCOTT,
FOR YEAR ENDING FEB. 28, 1887.

LYNN:
PRESS OF THOS. P. NICHOLS,
1887.

SCHOOL REPORT.

TO THE CITIZENS OF SWAMPSCOTT :

THE duty which you have entrusted to us, of managing the educational interests of the Town, and which involves the presenting to you, annually, a report of the condition of the School Department and its requirements, has once more arrived, and it is with pleasure that we can truthfully say, our Schools were never in a better condition than they are at the present time.

We have, during the past year, been forced by resignations, to make several changes in teachers; and it is well known a change of teachers always affects a school more or less detrimentally. But owing to the fortunate selections of successors to MISSES MOTT, COLCORD and GALE, we are happy to say the Schools have not suffered nearly as much as we had anticipated. To those who have left us for a broader field of labor, we cheerfully render our heartfelt thanks for their service while with us, and our best wishes for their future welfare. We feel too much praise cannot be allotted to a teacher who exhausts the best years and energies of life in the irksome, yet laudable pursuit of imparting knowledge to the young, and moulding and developing their future career.

It behooves the citizens of our Town in the future, as in the past, to take their places in the front ranks in educational matters. A poor man's house may be destroyed by

fire, and by energy and hard work he can make a new home for his family, but if he neglects to provide for the education of his child, no future exertion on his part can repair the loss.

Your Committee, and no doubt many citizens, have watched with just pride the business success of the boys who have graduated from our Schools, and who are now taking leading places among the best business men of our State.

A pupil graduating from our High School, under its present able management, is well qualified to grapple successfully with a business life.

A well established school system will give the Town, even if reckoned on a financial basis, far better returns than any other expenditure of money. Such being the facts, do not cripple your School Department by trying to see how small an appropriation will answer the letter of the law. Let us continue the education of our children, and their wisdom will be the best legacy we can leave our posterity.

Many families have moved into Town, and consequently many new scholars have been added to our Schools. Our First and Second Grammar Schools are doing nicely under the leadership of Miss A. M. MOTT and Miss E. J. HADLEY. One thing seems inevitable, and that is, that help must be had in the two Schools above mentioned, in the shape of more room, and consequently another teacher. There are about sixty scholars in each room, seats are all full, and no more room for seats. The teachers have been taxed to their utmost in and out of school, and we feel that they should be relieved, in order that they may give more time to individual scholars, who need their especial care. This matter, we think, we can arrange the coming year with but little expense outside of the salary of another teacher. Our Schools will compare favorably with those of any town of our size in the State.

SANITARY DEPARTMENT.

This department has received close attention, and the small amount of sickness we have had during the year may be partially due to the strict precautions used by teachers and Committee.

TRUANCY.

There has been but very little trouble on account of truancy. The police officers (the same that performed the duty last year) have looked after this matter sharply. They report only six cases during the year.

VACCINATION.

This matter has caused some comment by several of our citizens. It not being optional with the School Committee, we have been obliged to conform to the State law.

HEATING APPARATUS.

Your Committee feel that a burden has been lifted from their minds, by the placing of a new boiler in the Grammar School Building. We do not feel that we can use too much caution as regards the safety in life and limb of our scholars, and we did not feel that we were perfectly secure with the old boiler.

SCHOOL PROPERTY.

During the past year the Beach School Building has been painted two coats, the fence repaired and white-washed, and the inside of the building renovated. The Essex Street School Building has been painted, the inside cleaned, and the roof repaired. The Grammar and Pine Street School Buildings have been painted on the outside where most needed. Alterations in the entries of the Grammar School Building have been made, which prove to be useful, both as regards convenience and the safety of

scholars in coming in and going out of the building. The inside of all the school buildings have been cleaned wherever needed. All the desks and other furniture at the Pine Street, Grammar, High and Beach Schools, have been cleaned, stained and varnished two coats.

SCHOOL DISTRICTS.

We have found it desirable to change the School District lines, so as to somewhat relieve the Pine Street Schools, and give the Beach Schools a larger number of scholars.

SCHOOL SUPPLIES.

Your Committee have purchased and dispensed all supplies with economy for the Town, and convenience to the teachers and scholars.

In the High School room are forty pupils, arranged in four classes, as follows :—

		BOYS	GIRLS	TOT.
High School,	{ Sen. Class, 2 regular, 2 special,	4	4	
	{ Mid. " " " "	3	2	5
	{ Jun. " " " "	4	8	12
		7	14	21
Grammar School, Graduating Class, . . .		10	9	19
		17	23	40

The studies are arranged in the following courses :—

I.—FOR GRAMMAR SCHOOL DIPLOMA. ONE YEAR.

United States History, Geography, Arithmetic, Grammar, Inventional Geometry, Single Entry Book-keeping; Physiology, including the effects of stimulants and narcotics; Reading, Spelling, Writing, Drawing, Compositions, Declamations, Gymnastics,
